VISION THERAPY COMPLETION SUMMARY

Patient: Marcus D. Whitfield **DOB:** 03/03/2016 **Age:** 7

Date of Completion: 09/2023

Therapist: L. Hernandez, CO — Certified Orthoptist

Marcus completed a 12-session course of orthoptic exercises for intermittent esotropia. Treatment included convergence exercises, anti-suppression techniques, and vergence training. Compliance was variable due to behavioral challenges related to ASD. At completion, esotropia angle reduced from 25 PD to 18 PD at near. Continued glasses wear and patching recommended.

Follow-up with Dr. Reyes (Ophthalmology) for ongoing monitoring.
